How to prepare review for WSCG

>> Note that the papers content is not public and should be handled properly

Please, login at http://wscgreg.zcu.cz   using you e-mail and password.
You can use "Password forgotten" option to get a new one; will be sent via e-mail to you (x mins.)

After login, you should see

Click on the "reviewing corner" and you should see

Anonymous - gives you PDF of the paper
Additional-file-1 – might give you a supplementary ZIP file, if uploaded.

Click on **Upload Your Review** – you get the form to be filled in, see a part of it below. You have to set properly all items (especially the Major and Alternative sessions MUST be different).

We recommend to store the review text locally in UTF-8 Plain text (ASCII) as it can happen that the connection might be broken and the text would get lost. Then to use "cut & Paste" to insert it to the form.

If you have a substituting -reviewing person you, present her/him in the part instead of you.

After submitting the review, you can edit it, of course.

If there is a problem in sending the form, maybe that you haven't filled all items required and in this case you should get

Reviewer's Report Form

You have filled 12 items incorrectly. Follow the red comments, please.

WSCG 2020

Reviewer's Report Form

! All items must be filled in.
