Conference Chairman's Message

Welcome to Plzeň and to WSCG´95, the **Third International Conference in Central Europe on Computer Graphics and Visualisation 95**. The aim of this conference is to present new developments in all fields of computer graphics theory and applications. The WSCG conferences became known in the past and this year many papers were submitted for this conference. All papers were reviewed by anonymous reviewers who made an excellent job as it was a very difficult task to review so many papers in such a short time. Many papers had to be rejected even many of them are very good. After consideration of all aspects nearly 50 papers were selected after anonymous reviews. It was decided to restrict all contributions to 20 min. in order to present as many papers as possible.

I would like to take the opportunity to thank everyone involved in WSCG´95 organisation and planning, to members of the programme committee, to all reviewers that stayed hidden and to all authors that submitted their papers. The support and assistance from the faculty, staff and students of the University of West Bohemia have made possible to organise the conference. My thanks belong to Prof. Harold P.Santo who helped me a lot in spite of being ill during the conference preparation.
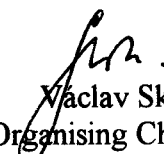

I have the pleasure to express my thanks to **official sponsors**

Autodesk,s.r.o.	CAdis,a.s.	Dipro,a.s.
DTP Studio	Hewlett Packard,s.r.o.	IBM CR,s.r.o.
Inel,s.r.o.	Intergraph CR,s.r.o.	Microsoft,s.r.o.
Silicon Graphics,s.r.o.	Technodat,s.r.o.	Pilsner Urquell
	Czech Software First,s.r.o.	

of this conference as they made possible to make lower fees for Czech and Slovak participants from the academy and some of them enabled the improvement of equipment or offered software packages for teaching computer graphics courses.

I would also like to thank to my wife, Ladislava, daughter Kateřina and to my parents for their patience and forbearance.

I am pleased that you have come to Plzeň and I hope that you will find your stay as educational and enjoyable as the planning efforts have been.

Václav Skala
(Organising Chairman[1])
